Strategic Priority 2: Business Attraction and Investment Promotion

2023 – 2027 UPDATE

GOVERNMENT OF BERMUDA

Ministry of Economy and Labour

Strategic Priority 2: Business Attraction and Investment Promotion

Updates as of November 2025

Introduction

Business Attraction and Investment Promotion, is central to positioning Bermuda as a premier global destination for high-value investment, innovation, and business growth. Since the launch of the Economic Development Strategy in June 2023, this priority has focused on elevating Bermuda's presence in key international markets, strengthening the island's value proposition, and building relationships that stimulate new business activity.

Through coordinated efforts led by the Bermuda Business Development Agency (BDA), Bermuda has expanded its global reach, refined its jurisdictional messaging, and deepened partnerships with industry leaders. Targeted reforms have further enhanced Bermuda's competitiveness and created an environment that is increasingly attractive to investors. These initiatives ensure that Bermuda remains relevant and resilient in a rapidly evolving global landscape.

This update outlines progress across business development missions, global ambassador programmes, sector-specific outreach, enhancements to promotional materials, and investment strategies aimed at priority areas such as private wealth, infrastructure, climate finance, and innovation. Collectively, these achievements represent a sustained commitment to attracting high-quality business activity while reinforcing Bermuda's reputation as a world-class centre for business and investment.

Leverage Bermuda's Current Value Proposition
